Professional Summary

Computer Science junior seeking a software engineering internship. Hands-on experience developing applications using C in Unity and Godot, and designing relational databases with SQL. Collaborator in team-based projects with a strong foundation in problem-solving and software development.

Education

California State University, Bakersfield

Bachelor of Science in Computer Science

Bakersfield, CA

Expected May 2027

Antelope Valley College

Associate in Science in Computer Science for Transfer

Lancaster, CA

Aug 2023 - May 2025

Skills

Languages: Python, JavaScript, C#, C++, C, Java, HTML/CSS, SQL

Technologies & Tools: Git, MySQL, Unity Engine, Godot Engine

Projects

Tutoring Center Database System | *MySQL*

Fall 2025

- Collaborated in a 4-person team to design and architect a relational MySQL database to manage tutoring center operations.
- Engineered the system to track student and tutor activity, manage schedules, and streamline the appointment process for individuals and groups.

Minigame Mania Game Launcher | *C#, Godot Engine, Git*

Fall 2025

- Co-developed a desktop game launcher in a 4-person team, implementing core features such as a user account system, game library, storefront, and friends list.
- Utilized Git for version control and followed a structured development process from ideation and user-level design to final implementation and testing.

3D Platformer Game | *C#, Unity Engine*

Fall 2024

- Programmed a 3D platformer game in Unity, implementing character physics for movement and jumping, multi-level progression, and enemy AI with hitbox-based combat.

Work Experience

Senior Art Program Leader

MOAH Museum of Art and History

Lancaster, CA

Sep 2019 - Present

- Coordinate facilities management, exhibit maintenance, and the secure transportation, handling, and installation of artwork.
- Serve as a primary point-of-contact for visitors, providing customer service and acting as a docent to enhance guest experience.

Relevant Coursework

- Software Engineering
- Database Systems
- Programming Languages
- Discrete Mathematics
